Hi Mike,

I made a few edits on some of the comments, but, I really need your help with language on the remaining comments.

Rhonda,

Attached are Janet's comments. The ones that will require the most significant work to resolve, in my view, are the related comments #3 and #6 (see pasted text below).

My advice is to work closely with Mike Thrift on how to convey what Janet is suggesting in a manner that exposes the least legal vulnerability. And as usual time is of the essence.

Here are a few comments/questions on the FRN. Sorry again for the delay. There was a perfect storm of Emily being out and my laptop being on the fritz all last week—really messed me up.

Let me know if there's anything we need to talk about.

It's clear these won't be signed this week, hopefully next.
